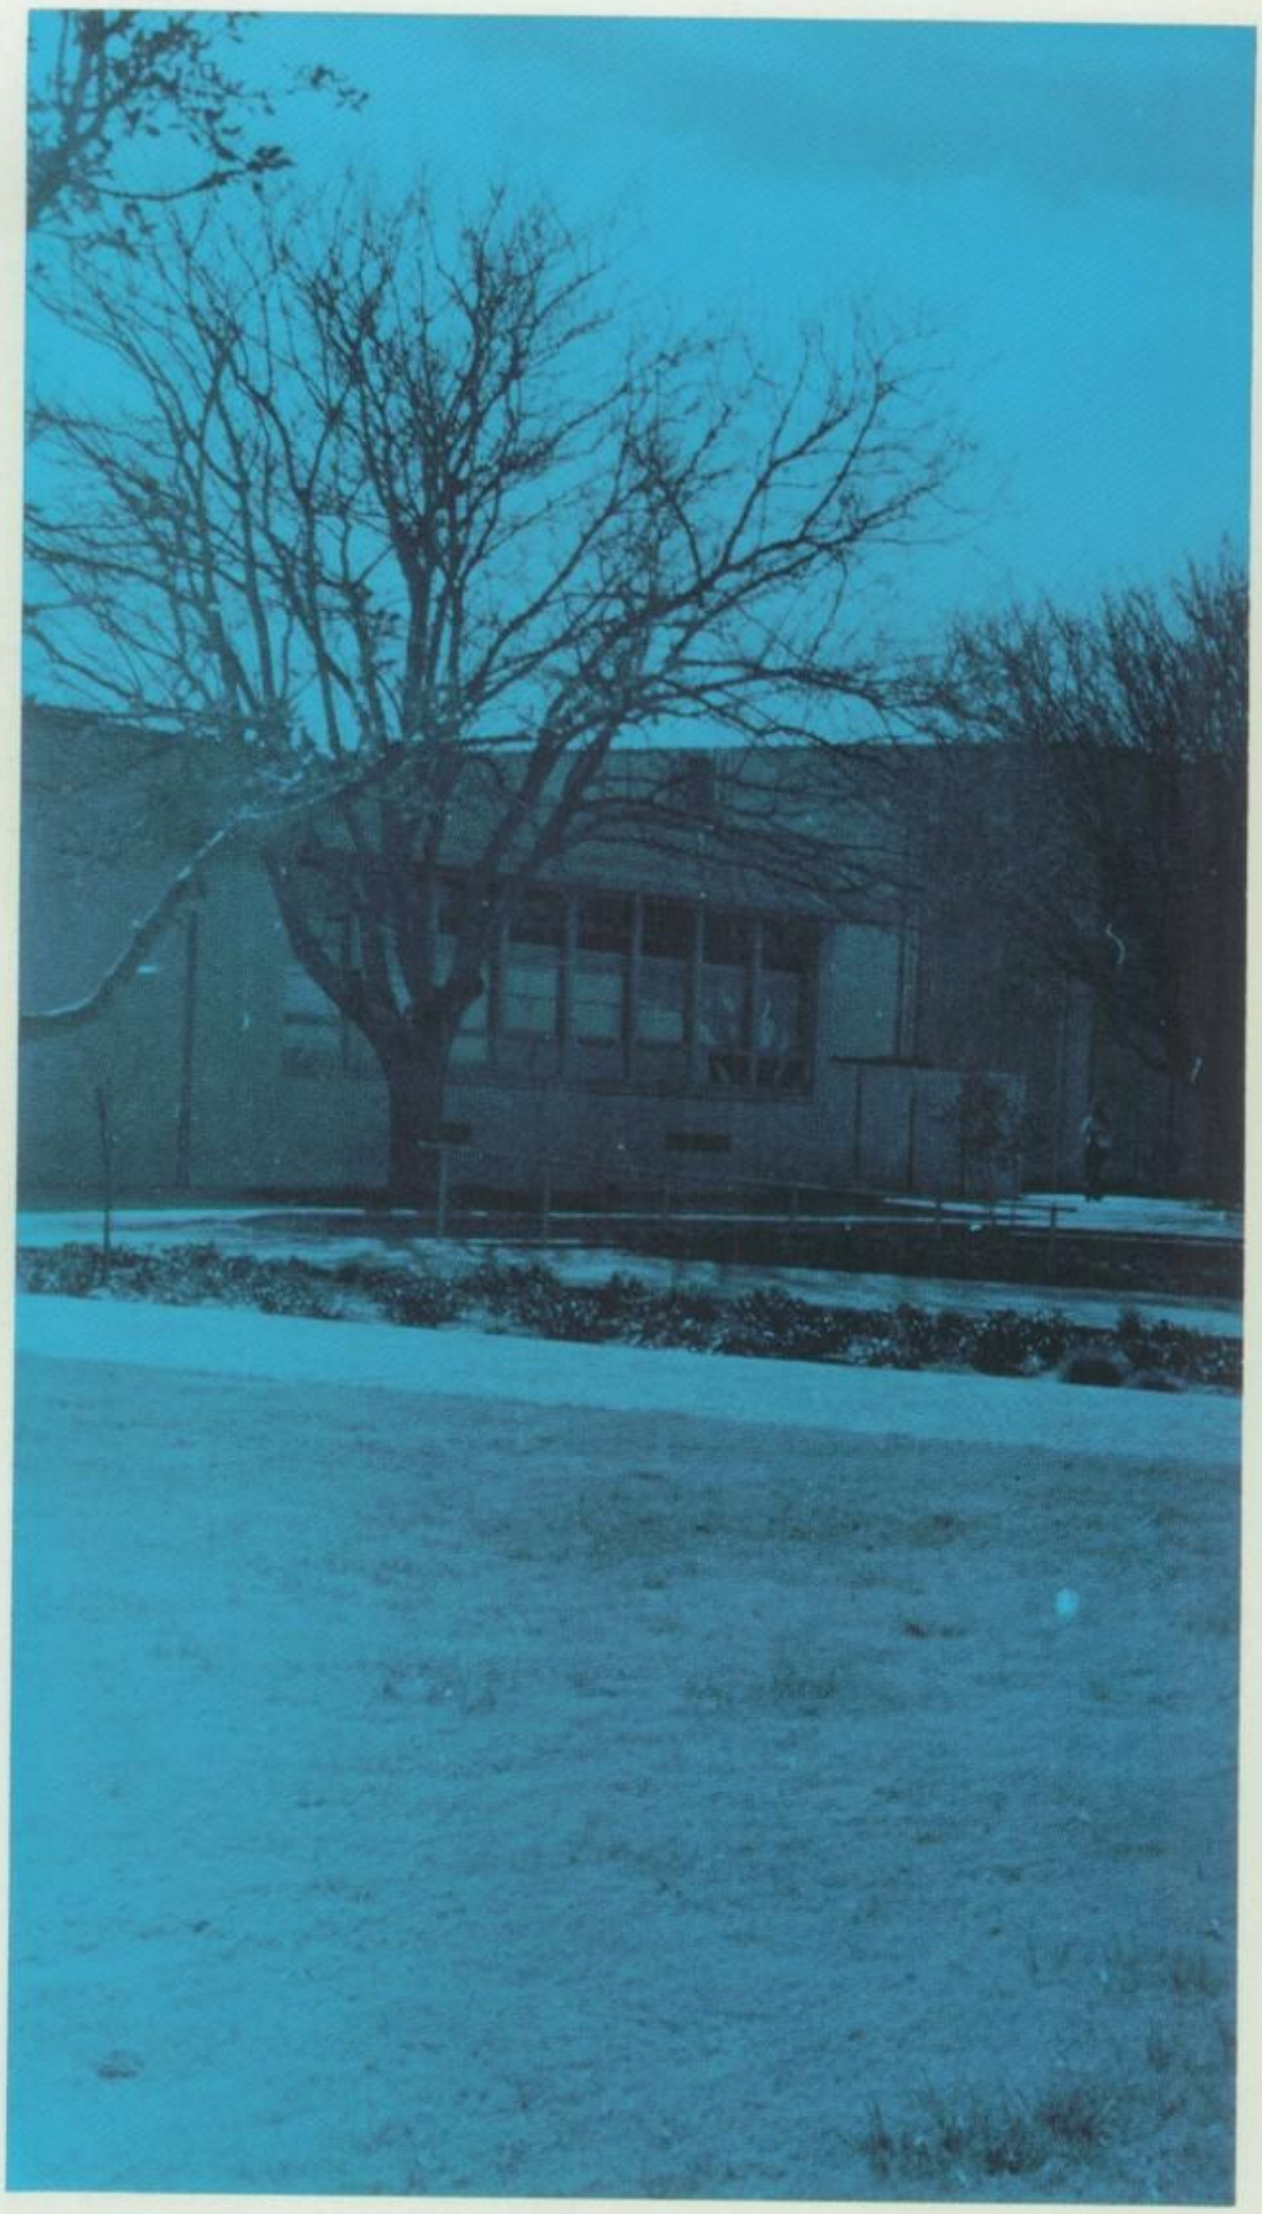
FACULTY p. 296

EVENTS MADE IT HAPPEN

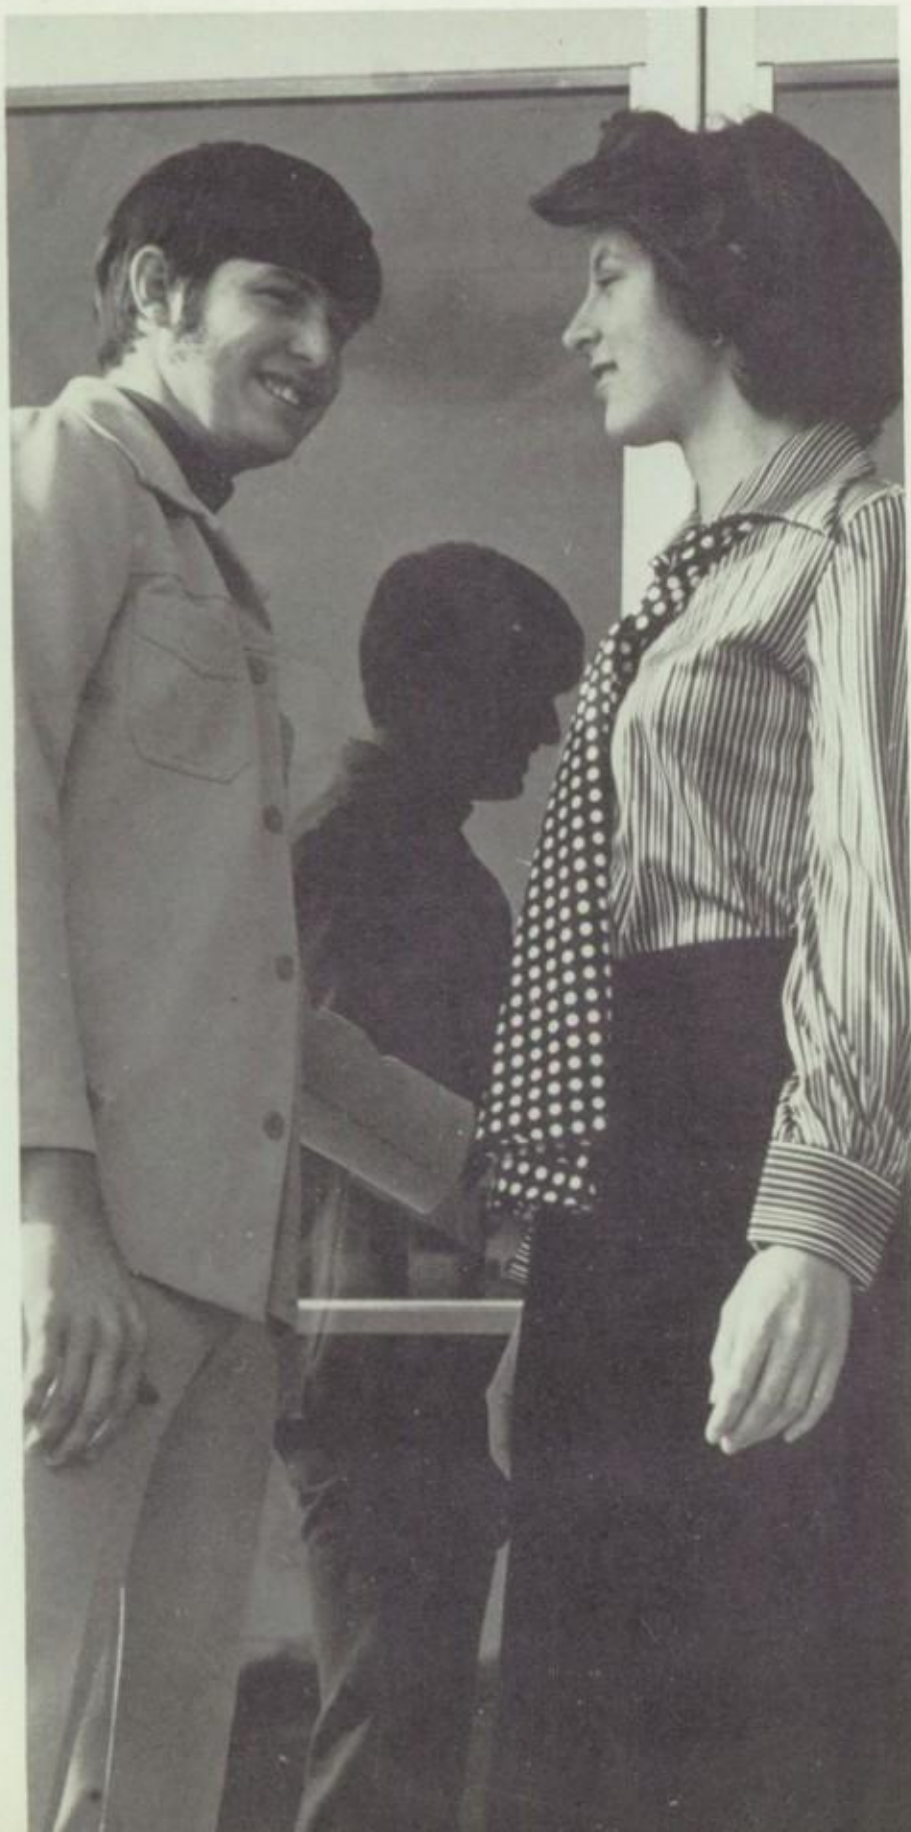
Student participation was never-ending. Activities were always going from the early-morning pep rallies to the late-night workouts for our athletes. Every activity was backed by hardworking Permian students. Who can forget the first playnight when the whole student body began doing the freeze and the hustle? Spirit chains filled the halls during football season. Most of the spirit was at the basketball games, track meets, and anywhere our school was. Western week bloomed with costumes of every western design and there were plenty of activities provided by the clubs. The rewards were everywhere. The band was rated #1 in marching contest for another year. The choirs' annual hayride was a success. No matter where or what, there was always something happening. Permian's activities just couldn't be counted.

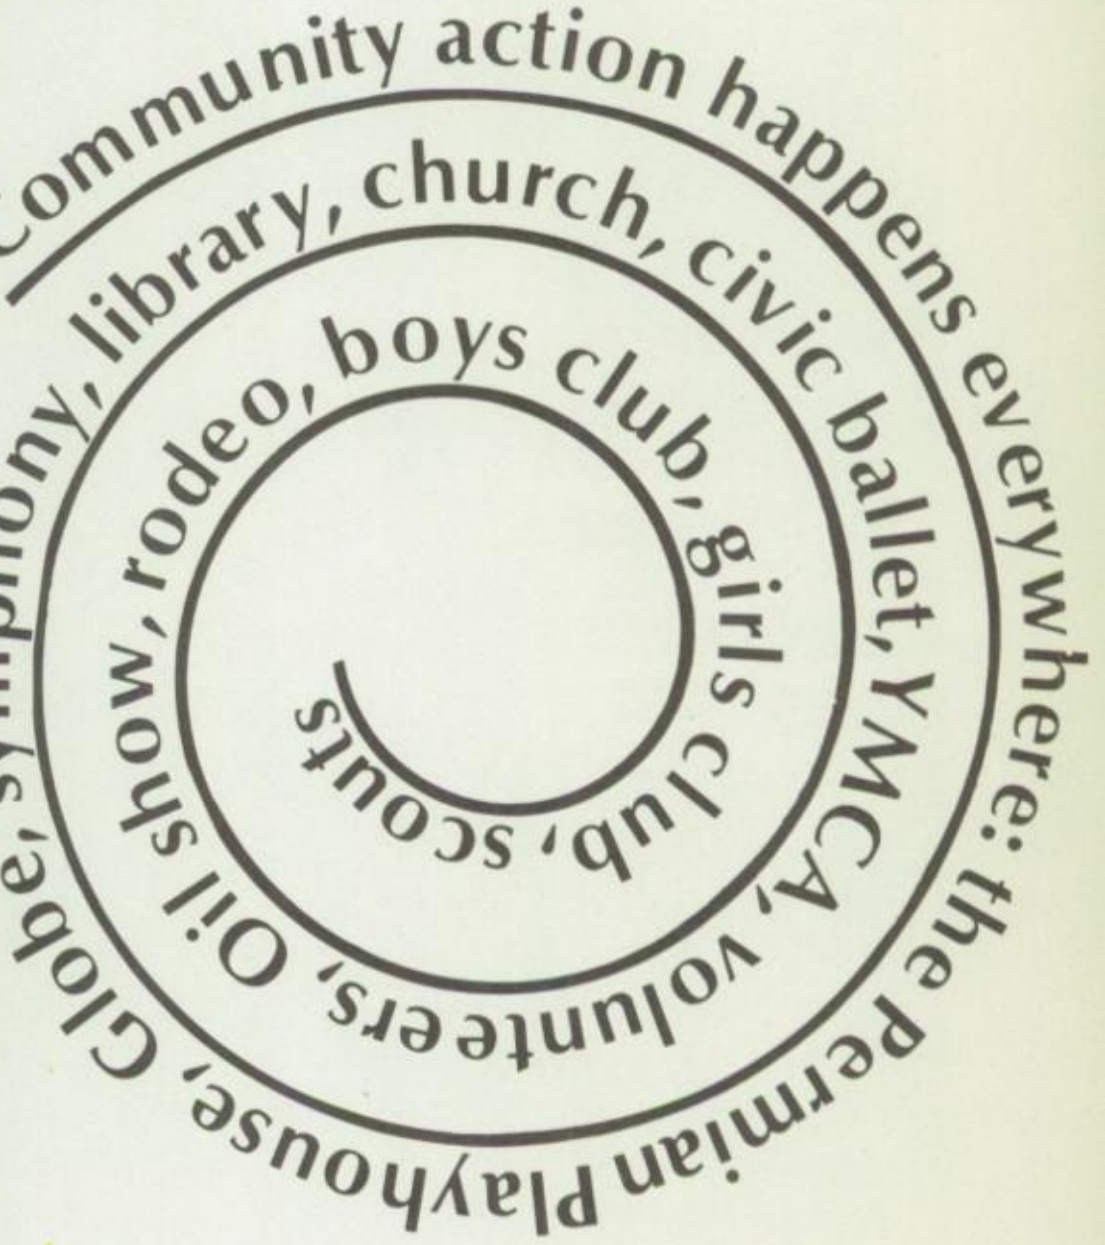
Who can forget: the 1st football game, juniors receiving their senior rings, the parking tickets, walk-around, basketball season, D-Hall slips, junior-senior prom, playnights, spirit flowers

COMMUNITY INVOLVEMENT



Involvement in community is another aspect of Permian student life. Community activities such as plays and symphony concerts are some of the many favored cultural activities. Students are involved in church and youth meetings. Church influences many students by combining worship with fun civic projects. The library is also a place to find many P.H.S. students, especially during research paper week. Volunteers for Candy-Stripers and T.A.R.S. include many of our students. P.H.S. students involved in almost any community activity in Odessa are not hard to find!





Community action happens everywhere: the Permian Playhouse, Globe, symphony, library, church, civic ballet, YMCA, volunteers, Oil show, rodeo, boys club, girls club, scouts

EXTRACURRICULAR!

No one likes to stay at home. Most of us were always in the middle of the action. Things were happening everywhere and anywhere. If you didn't go to a movie, you could go out, or just go and talk with friends. Going for tacos, hamburgers, pizza or just a coke could easily turn into a big social event. Talk would run from "what's the new record release out?" or "how's that new movie?" There were places you could play pinball, foosball or pool. If you didn't go out, friends would tend to drop in for talk. That was fun too. Everyone was involved in some sort of action. Interests were varied and always fun!

There were things to do and places to go: Musicland, Taco Villa, Wendy's, Winwood Mall, Mr. Gatti's, C. C. Rich, Coliseum, Cinema, Bowling Alley, Sonic, Santa Fe Square, Grandview

Who were we this year? We were the ones who excelled. We were the ones who were recognized for our achievements in school. Who can forget the excitement of the homecoming nominees? The

WHO WE WERE

great feeling of being nominated for class favorites, our players dominating all-district, and our national merit semifinalists. The band and sports sweethearts being kept a secret and the students who were our state delegates. The band and choir members who were recognized for all-region and state honors. Who were we? We were us.

ODESS

Three years at Permian High are now coming to an end. We look down the empty halls and into the classrooms where memories linger. For a moment we remember classes we attended, the plays presented, the games we played, the friends we made, the parties we had, and the dreams we started here. Now we say goodby and leave with only souvenirs to remind us of our high school days. Our teachers have sought to prepare us for the future with the determination that the world would see us as

WHAT WE ACCOMPLISHED

individuals and as citizens striving to preserve democracy. Now we can pursue our dreams and try to make them come true. As we cross the stage to a new scene in life we hide our fears of leaving the security of childhood and of becoming young adults. We leave no traces on the busy scene, but the memories say that we have been here and we have reached a goal.

SENIORS

MICKY KEIST
CHERYL THORPE

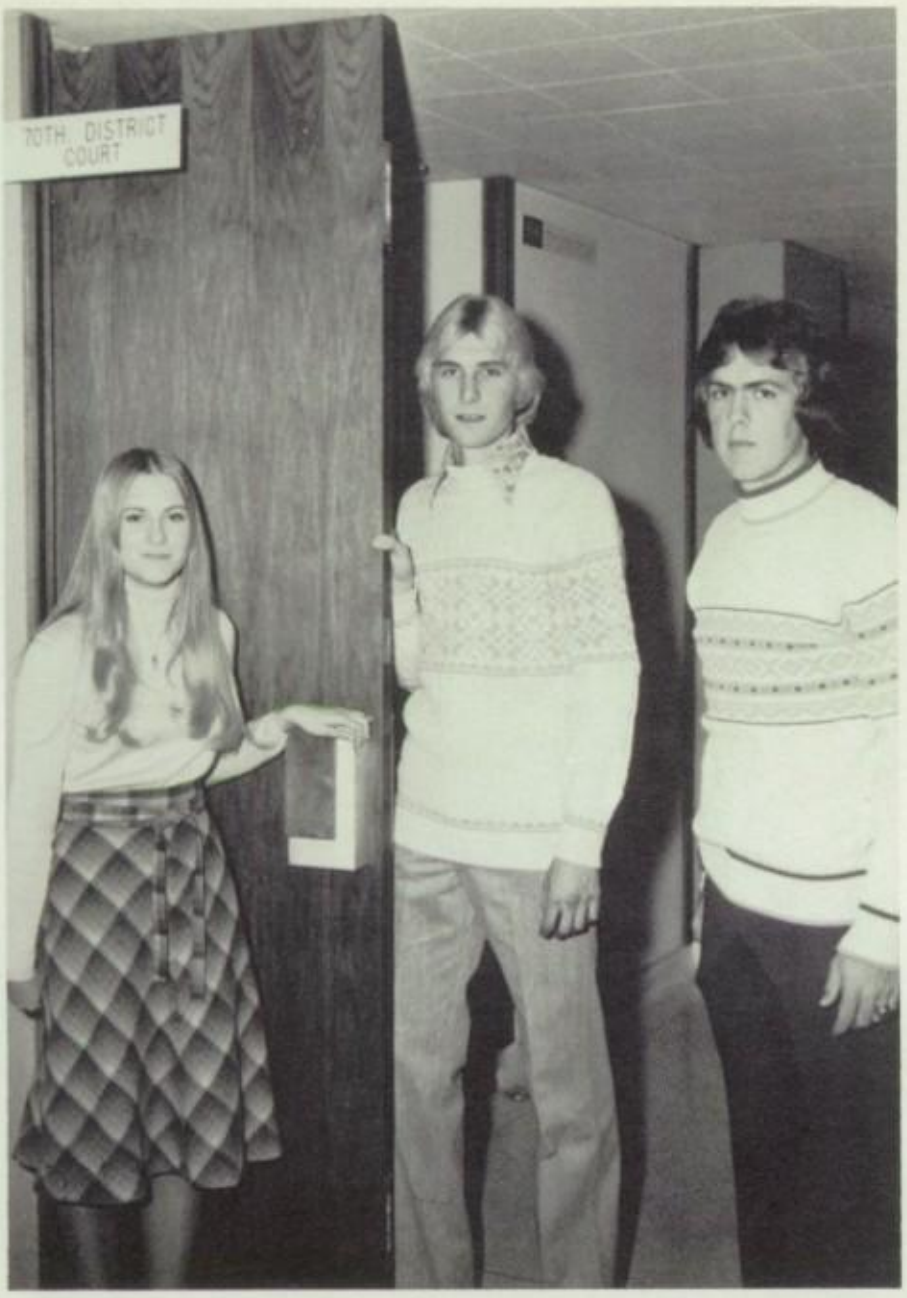
The Choice Few Lead

The Senior Board consists of a group of seniors elected by fellow students to take the responsibility of organizing senior-sponsored projects and deciding on the gift that the seniors leave to the school. They come together in a collective leadership to make decisions with regard to the desires of fellow seniors making possible the fulfillment of the class's obligations during their final high school year.

SPONSORS — Faye Mathews and Jerry Haynes.

Back Row (L-R): Mike Teegarden, Cece Everett, Jerry Nevans, Chuck Gibbs, Ruth King, Kevin Shreve, Tracy Worley, Tom McLemore, Jeff Perry, Stan Strifler; *Front Row (L-R):* Kenny Givens, Kirk Edwards, Clay Hoblit, Shelley Dempsey, Mike Hanson, Debbie Fields, Cheryl McAfee; *Not Shown:* Louis Lambert.

76-77 Senior Board



OFFICERS — (L-R): Secretary, Kevin Shreve; President, Jeff Perry; Vice-President, Stan Strifler.

"See Spot run." "See Puff run." "See Spot and Puff run." Very good boys.

The whole senior class is now on probation.

You're convicted of D.W.I.

The Permian High School athletic department proved once again in 1976-77 that MOJO was truly a dominant force. Each and every one of the Panther athletes who competed during this past year were known for the desire, tradition, and success that accompanied them on and off the field of play. The title, ODESSA PERMIAN, is well known throughout the state of Texas and is worn proudly by the athletes of Permian High. To be an Odessa Permian athlete is to be honored, admired, and most of all respected. The long hours

HOW WE COMPETED

and hard work put in by the "jocks" at Pantherland separates Permian athletes from all others. The dedication and spirit of everyone involved in the athletic programs at Permian High during this past year was the driving force behind the great accomplishments of another successful year in the annals of Permian High School sports.

6	San Angelo	23
14	Odessa High	6

Our 1976 Panther football team continued Permian's excellent winning tradition with a record of 8-2. Although we dropped two district games, our MOJO MEN finished in second place in 5-AAAA action. This year's team was much better offensively than in teams of the past years. The 1976 Panthers averaged over 28 points a game. Defense was again good to Permian as we led the district in team defense.

We won seven straight before suffering a bitter one point defeat to Midland Lee. The Bobcats of San Angelo also took the measure of our Black Cats but we capped off a good season by eliminating our cross-town rivals, the OHS Bronchos, by a score of 14-6. Eight players off our 1976 squad were selected to the first team All-District picks, with Rinny Johnson being named the district's Most Valuable Lineman.

Yet We Shall Continue

The Permian Panther football team, ranked number one in the state for four straight weeks, and ranked in the state's top ten for nine weeks, made a fantastic showing this past year. An unusually exciting offense drew massive crowds to each and every game as MOJO marched on in 1976.

From the season opening 21-6 thrashing of El Paso Coronado until the seventh straight Permian victory against Abilene Cooper it looked as if the Panthers would gain the district championship for the sixth time in seven years.

Numerous outstanding performances were recorded throughout this winning streak. The 47-6 slaughter of the hapless Roswell Coyotes and the district opening 42-13 bombing over the Midland Bulldogs ranked as superb team efforts. A 24-14 win over the Flying Warbirds from Abilene proved to be one of the most exciting games of the year as some 7,000 Panther fans made the trek to the Key City. Victory over the Big

To Defeat Every Foe

Mike Hanson pulls down another TD pass for Ole MOJO.

Spring Steers by a score of 53-0 capped off a fantastic Homecoming week at Pantherland and the 31-10 win over the Cooper Cougars left Mojo standing at 7-0, ranked either first or second in the state in every major pole.

Here, the Lee Rebels and San Angelo Bobcats stepped in to crush the dreams of a fantastic football team. 14-13 reigns supreme in the minds of many Panther fans as MOJO fell to its arch rival, Midland Lee, and 23-6 merely draws sighs as one of Permian's potentially great teams played well below par in the loss to San Angelo.

However, Permian left in style before a crowd of 19,000 people who gathered to watch the contest between PHS and OHS. In 26 degree weather MOJO put its pride on the line and came through with a 14-6 win, marking another year of city supremacy.

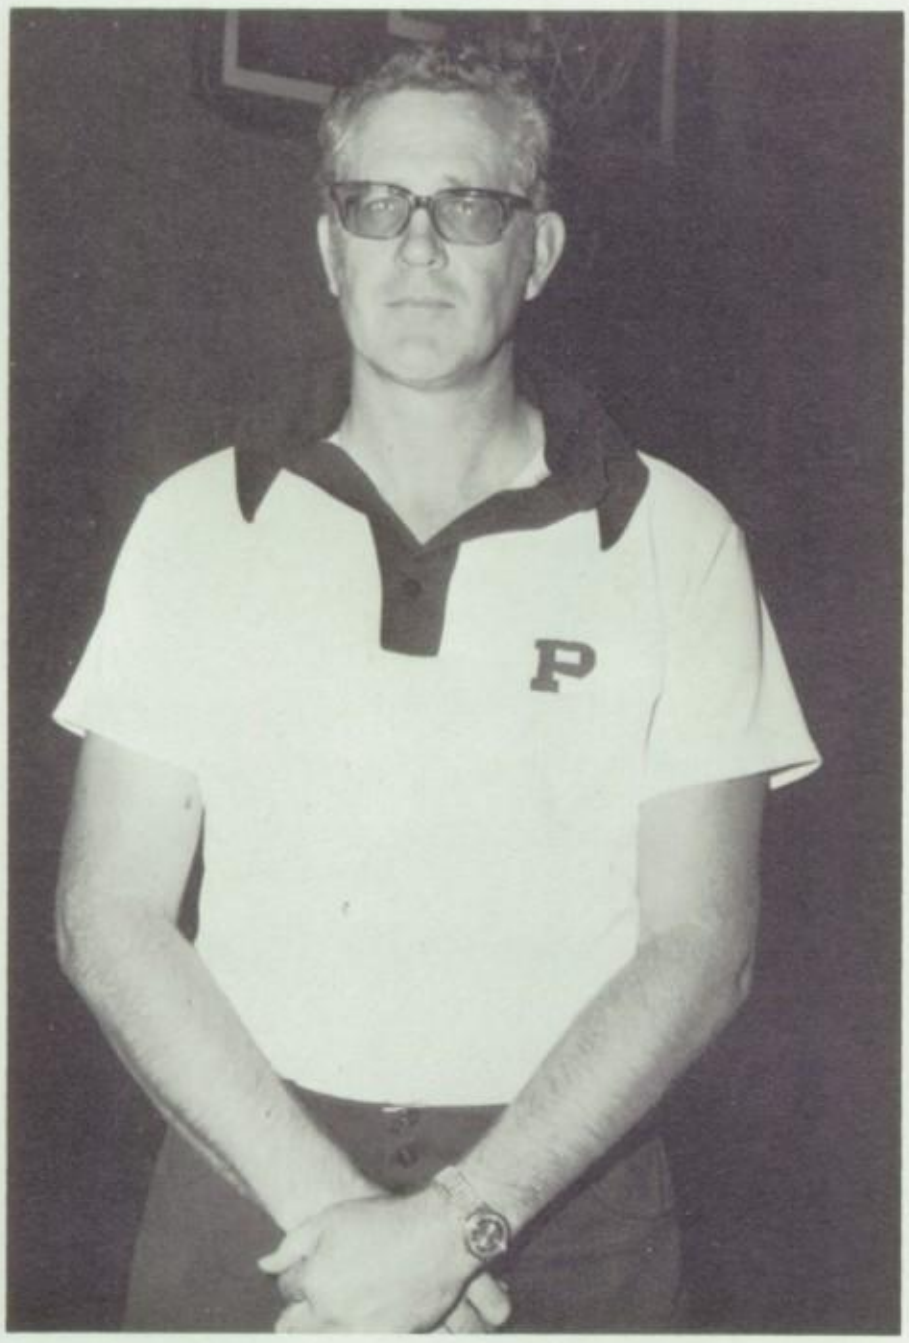
BASKETBALL '77

THE 1977 PERMIAN PANTHER BASKETBALL TEAM



Coach Al Oglesby

The strength of our 1977 squad was based on four returning lettermen — Tom McLemore, Stan Strifler, Mark Berryhill, and Jeff Perry. These seniors along with the members up from last year's 26-3 Junior Varsity team — Tony Smith, David McColloch, Don Gray, Huey Chancellor, Randy Wilson, Steve Stell, David Fambrough, and Mike O'Hara — combined to make this past year very memorable. I would like to wish each and every one of them the best of success in the years to come.

We Have Worked Hard

Captains Mark Berryhill, Tom McLemore, Stan Strifler and Coach Oglesby.

The Permian Panther basketball team of 1977 fielded a very strong club as they returned three starters in Tom McLemore, Stan Strifler, and Mark Berryhill. The Panthers brought much excitement to the Panther fieldhouse as they captured a share of the first half district title and entered the second half having won 13 of their last 16 games. The highlight of the Panther season came against the Lee Rebels at Midland where Permian took a very exciting and emotional victory by the score 79-76. The Panthers filled the gyms wherever they played and performed well throughout the year. Permian was ranked 17th in the state and was picked a pre-district favorite to capture the title in 5-4A.

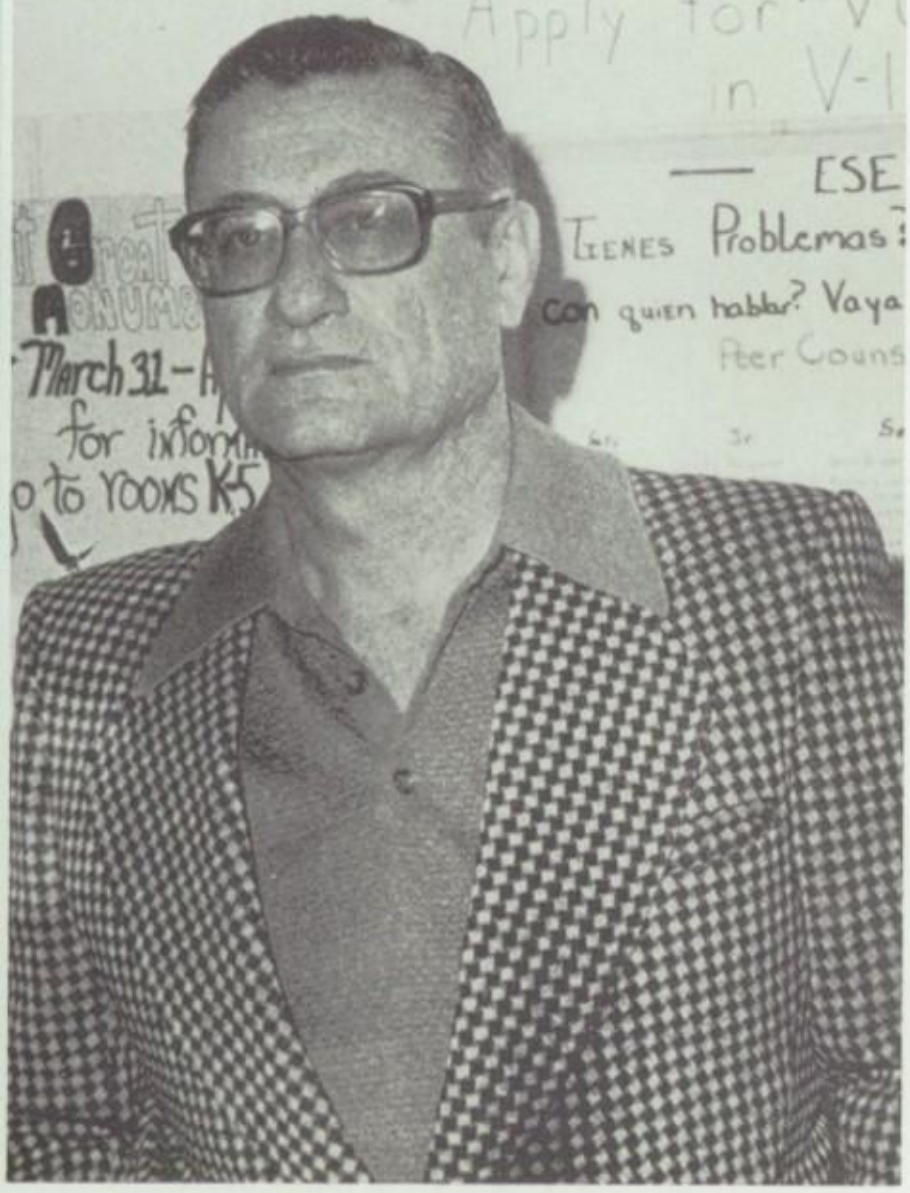
Athletes never seem to quit stretching.



Coach Gene McCandles

With the strength of six returning lettermen our 1977 Panther baseball team has experience as well as talent. We brought back four starters from last year and these people combined with prospects from our J.V. squad gave us the nucleus to have a very competitive team. Overall we should have a successful season and make a good run for the district title.

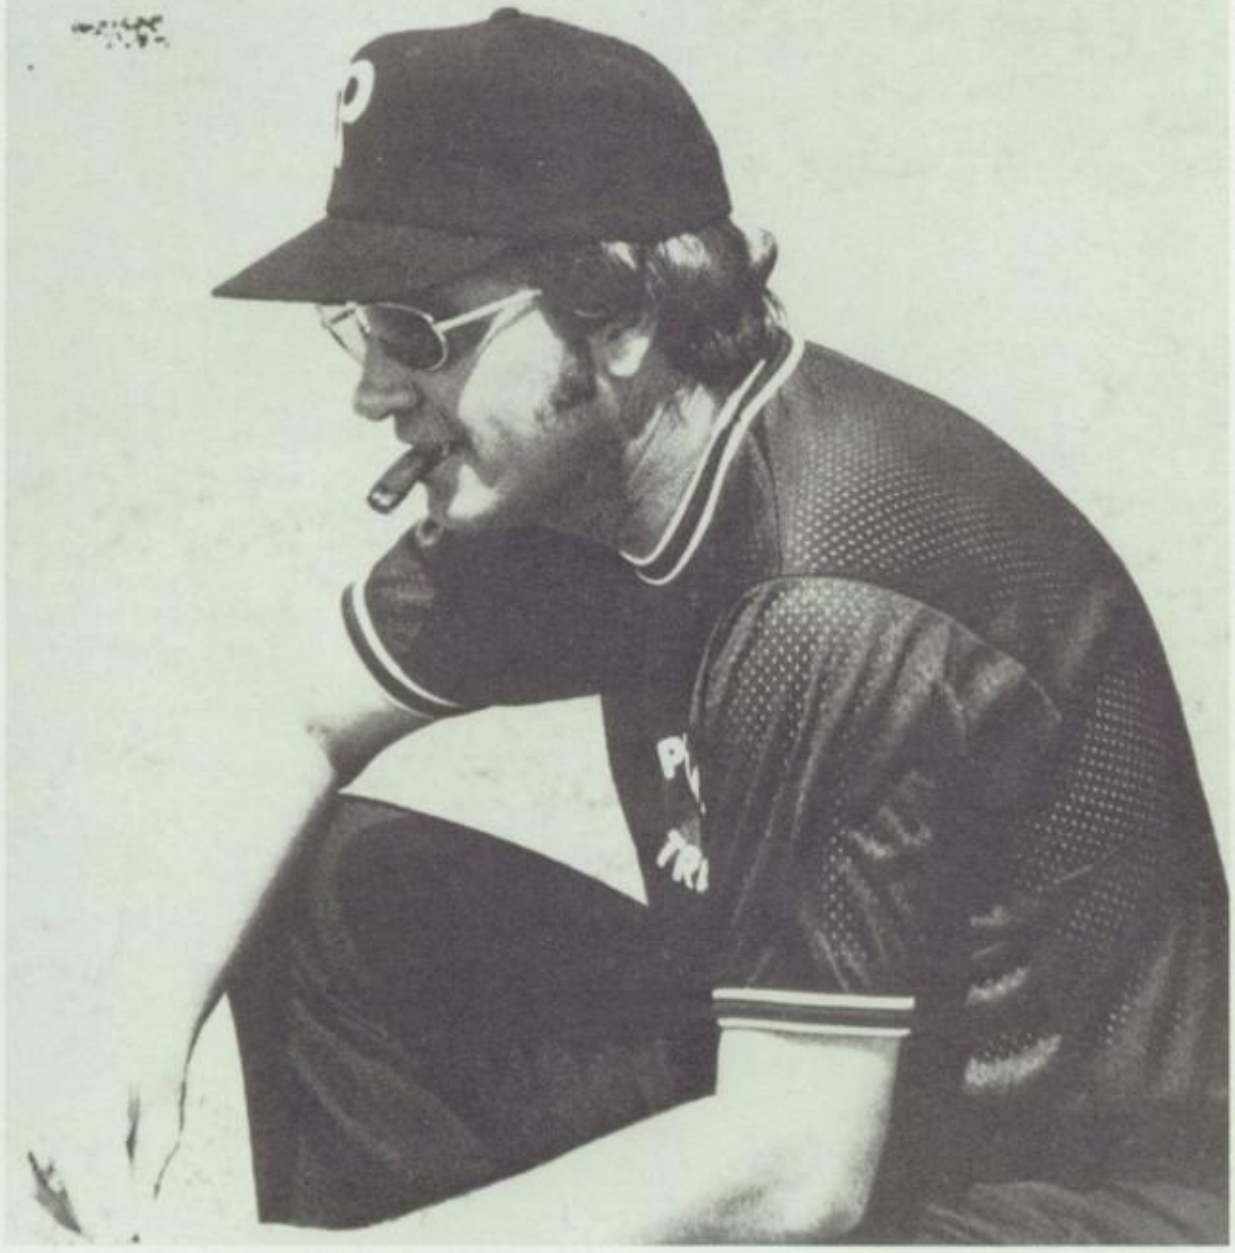
TRACK '77

MOJO! Leading the rest!



Coach Waymond Griggs

I feel our 1977 Permian track team put together a fine season this year. We carried good scoring potential in the field events and both the mile and sprint relays during the year. Our goal for the 1977 season was to make a strong run for the district title and show progress during the course of the season.

Waymond Griggs

But Past Is Past

The flop.

The final 110 yards, the hardest part of the race.

PERMIAN PANTHER MILE RELAY MEN

Discus Dan at work.

And We Shall Move On

PERMIAN PANTHER HURDLERS

The Permian Panther Track team returned thirteen lettermen in 1977. Among these are three members of 1976 sprint relay and two members of the 1976 mile relay. Several strong performers returned in the field events and many newcomers looked to be coming on well. After a dismal year filled with injuries in 1976 Permian hoped to escape from the injury bug in 1977. Leading the way for the Panthers were seniors Mike Griggs, Lyndon Kauk, and Stacey Latham, and juniors Paul Davis, Danny King, and Tommy Sager. Several sophomores contributed to the effort also.

With new strength in the hurdle events and middle distances Permian hoped to improve on many of last year's performances and looked to be very competitive in each meet in which they took place.

The 100 yard dash — quickness, speed, and endurance.

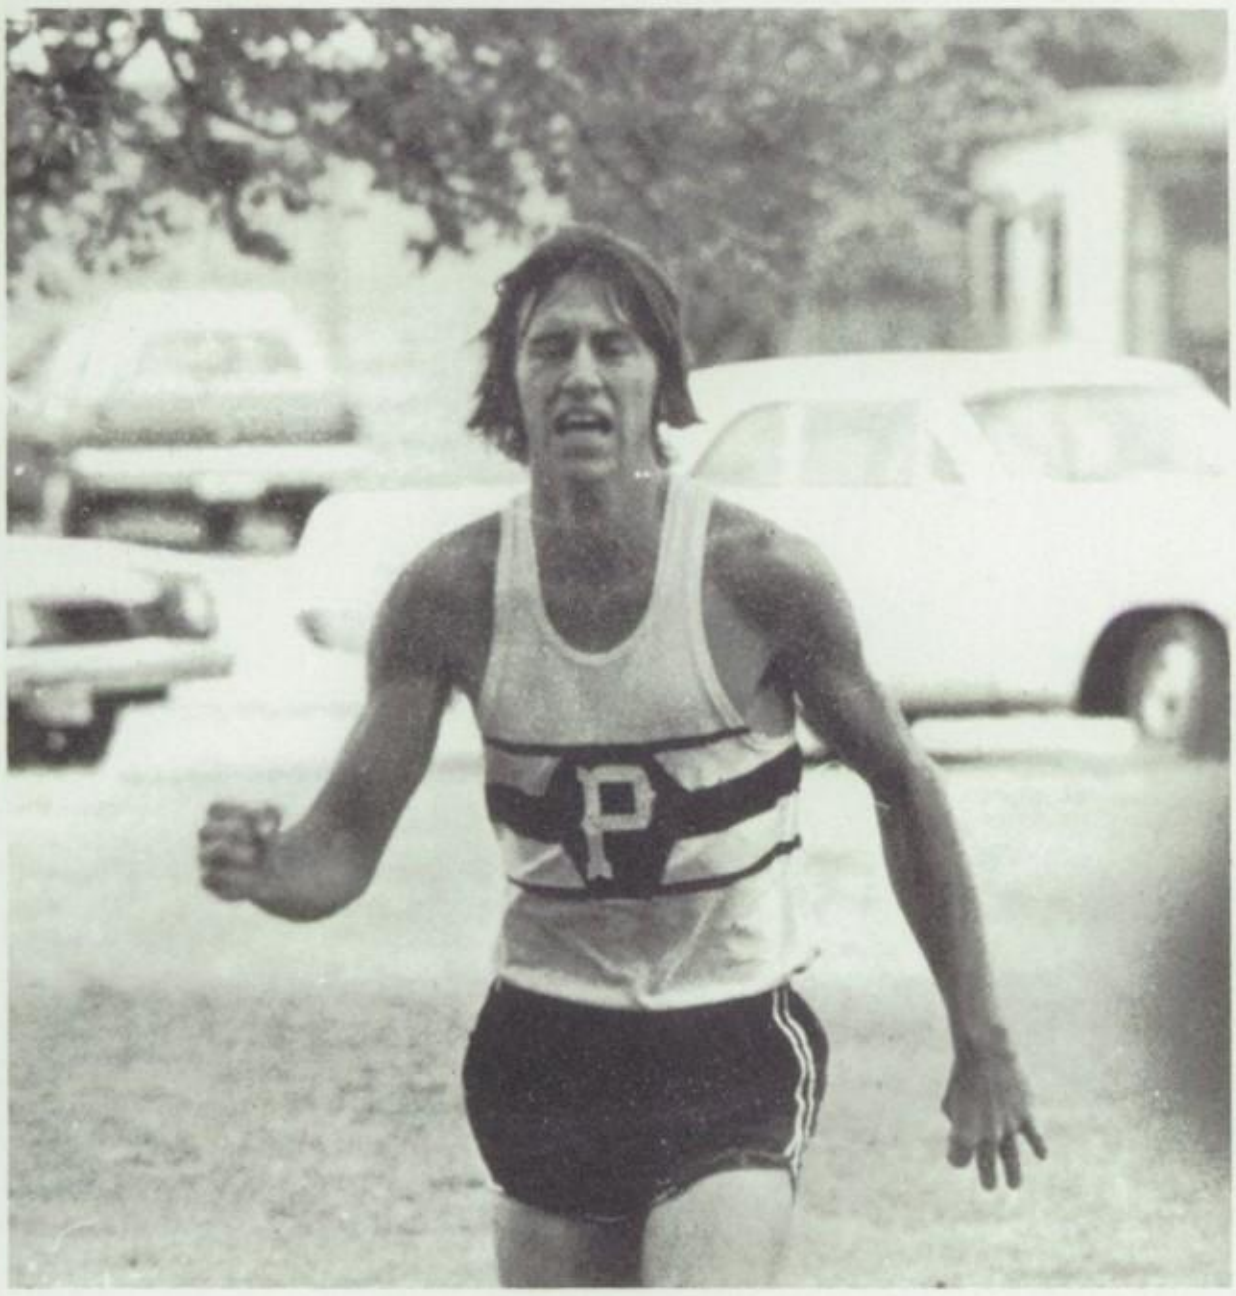
The last moment of mental preparation.

The sport of endurance.

Today We Perform



The pain can be unbearable.

The 1976 Permian Panther Cross Country team recorded a successful season over the past year. The Panthers returned 3 lettermen from the 1975 squad in team captain Joe Hise, David Glass, and Gary Broughton. The Panthers best showing came in the Hobbs Invitational where Hise captured fourth and the team garnered second. In the district meet the Permian squad managed only fourth place; however, Hise earned a place on the All-District team and a chance to run in the regional meet.

The Panther Junior Varsity runners had a fantastic season as they racked up a 7-1 record. The future looks good for the Permian cross country team in the seasons to come.

Pushing onward.

Solemn thoughts after grueling competition.

THE 1977 PERMIAN PANTHER TENNIS TEAM

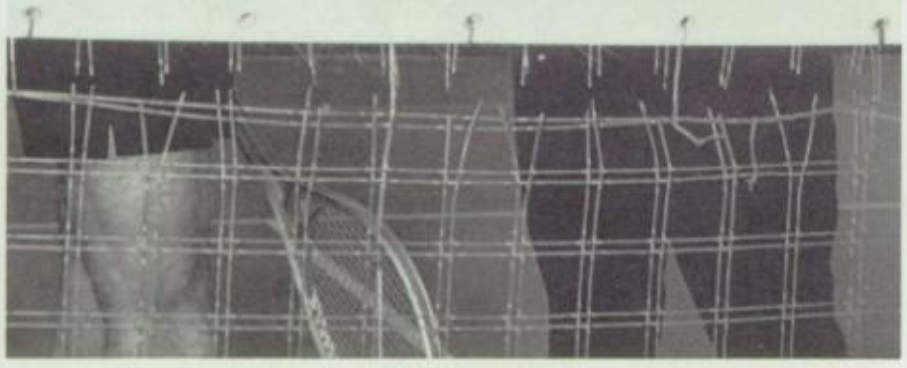
Coach Jack Box

Captains Arthur Spragg and Rhonda Newton.

Our Acts Of Yore



Good publicity shot, eh son.

The Permian Panther Tennis team was the number 11 ranked unit in the state of Texas in 1977. The success of the Panthers came largely on the strength of six returning lettermen. Among these, Permian had two three-year lettermen in Rhonda Newton and Arthur Spragg. As a team, the Panthers captured third in the regional tournament and won themselves a ticket to the state tournament. Against very tough competition in the state meet Permian tied Wichita Falls Rider and lost when games were counted. In the second round the Panthers rapped hapless Galveston Ball 15-3 but failed against San Antonio Lee 11-7. Permian then tied Abilene High and advanced by the count of games to gain their number 11 ranking in the state, a superb showing by the Panther squad. Leading the way in many of these contests were juniors Mike Madden and Stan Gifford along with sophomore Carmen Lewis. Vast improvement was shown as the year progressed and Permian tennis was put on the map.

Preparing to begin action.

The terror of the deep? In a swimming pool!

The Permian High School swimming team, traveling almost 8 miles a day in the Panther pool, sported a solid, experienced team in 1977. Cindy Demarco, Jim King, Linda Miller, and Carla Cooper, all sporting three letters, led the Permian swimmers throughout the year. Sophomore Jeff Lambeth and junior Judy Ogilvy also played key roles in the Panther success.

The overall improvement of the swimming and diving teams at Permian High earned the Panthers several victories and much respect during the year. Interest in the swimming program at Permian High grew and support was sparked by the Panthers success.

Ooow!!! That water's gonna hurt.

V-Ballers in action against Midland High.

The 1976 Permian Panther volleyball team put girl's sports on the map at Permian High. The MOJO girls collected a first place finish in the El Paso Ysleta Invitational Tourney, a win over defending state finalist Midland High, a tie for the first half district title, and a record overall. Jennifer Cooke, Tammy Williams, Lynda Harbin, and Jo Conner were returning starters for the Panthers and each played a key role in the 1976 season. Toni Willman, Kathleen Crowl, and Kim McCorkle provided strong help also. Willman and Cooke garnered All-District honors along with several all-tournament awards.

The Panthers best performance came in a key district game against the Big Spring Steers. Permian fell to the Steers but a very large and emotional crowd let MOJO know that volleyball was here to stay.

76-77 PHS

ATHLETES

We achieved our goals as we surrendered our speech to music. Harmonizing with each other brought smiles to many faces. It took hours of practice and patience, but we did it. We accomplished it with flutes to tubas, violins to basses, and sopranos to baritones. We performed as groups and individuals expressing thoughts in the form of music. We had our defeats as well as victories in competition, but we still made Permian proud to have us represent it. We know that our music will not last forever, but it has

WHAT WE GAVE

helped make our days at Permian go by a little bit easier. Music will change and so will we, but the music of now has filled a large part of our lives and added a milestone to Permian High. Even after all these changes, our music will linger through the minds of Permian students years after they leave the halls of P.H.S. for the last time. This is what we gave to Permian.

TACO
VILLA

Activities played an extremely vital role in our lives this year. At the beginning of the year, we began showing our MOJO spirit by participating in pep rallies, constructing spirit chains, sending spirit flowers, painting the halls with panther paws, and wearing crazy costumes, mixed-up clothes, overalls, socks, and ties. This year's Homecoming was a success with a beautifully decorated dance following the game. The western dance was also an experience to remember with all the wild

WHAT WE DID

contests and western outfits. The football banquet and the banquets of other clubs and organizations were also successful and enjoyed by all who attended. The foremost activity of the year was "Frosting Winder's Wonderland" with snow. When we reminisce about the year 1976-77, what we did will be the most important part of the memories we have of Odessa Permian.

ACTIVITIES

DIANE MORTIMER

If You Can Keep Your Head

The exciting events of the new year at Permian begin with Sophomore Orientation. Student Council officers, principals, counselors, Pepettes, cheerleaders, and band members meet with new sophomore students to welcome them to Permian and show them the school. This activity helps the students to be more confident about the new year and more excited about the many activities that follow.

GERBO?

Here I am world!

Here we come a truckin' in!

Eat 'em up Panthers!

Sophomore Servants

My girdle is killing me!

When All About You Are Losing Theirs,

Don't you dare say we're #2!

They called off the dance?

This is the stickiest tape in the West!

Hey Kerry, Kerry? KERRY!!!

I don't think it's going to work.

You mean I have to move it again?

If You Can Dream

Jennifer Cooke

Shelley Dempsey

Debbie Fields

Becky Grissom

Kim Harris

Anne Stevic

The moment of hope!

And Not Make Dreams Your Master,

An escort to remember!

Homecoming is one of the most exciting and important events of the fall in Odessa. Decorating, voting, dates, dances, mums, football, and returning ex-students are all activities associated with Homecoming. The theme, "Just You 'N' Me," a victory for the Panthers, Queen Anne Stevic, and a successful dance all make the night of October 15, 1976, a happy memory which will be remembered by all involved.

A dream come true!

A kiss from Dad!

I crown thee Queen Anne II.

If Neither Foes Nor Loving Friends

The spirit of Permian is expressed through many activities throughout the year. Pep rallies are the foremost expression of our spirit, involvement, and support. The theme of each pep rally is carried out during the week with different activities that promote the spirit needed to conquer each opponent. Some themes were Spook the Rebels, Eat More Beef, Sock it to the Bulldogs, and Frost Winder's Wonderland. With the leadership of our cheerleaders, Pepettes, coaches, and band, the spirit of Permian High School continually remains second to none.

GO, GO, GO!

YA'LL YELL!

. . . We'll always loyal be . . . to our football guys.

Curtis, my number is bigger than your number!

A reward for being a Pepette.

If you're happy and you know it, clap your hands!

Can Hurt You,

A picture worth a thousand words!

MOJO conquered OHS's secret weapon!

Parade of Spirit

This week's worst player is . . .

Get on up "K"
Get on up "I"
Get on up "M"

CHARGE!!!

If You Can Think

Hey, hey, hey, it's Fat Francis and Jolly Judith!

MY HERO!!!

Kiss Offf . . .

Trust us!

But Minnie, I love you!

Ride a bronc!

And Not Make Thoughts Your Aim,

SLOP TIME (of course)!

MOJO! MOJO!

The New Sweathogs

Red rover, red rover!

Juniors are so silly!

Stan's favorite pastime!

If You Can Talk With Crowds

Ready for take-off!

"MOJO"

Pom pom left, pom pom right, stand up, sit down, fight, fight, fight!

I wish you would get off my back!

If You Can Make One Heap

On the night of January 22, hundreds of Mojo supporters gathered in the Permian Field House to honor the 1976 Panther football team. Each player was introduced with his date, and six of the most outstanding achievers were awarded. Teresa Gray presented the Ed Gray Memorial Award for the first time in memory of her father, former Booster Club president. Cheerleader Shelley Dempsey was chosen as Football Sweetheart by the team members. The speaker for the evening was Steve Sloan, head coach at Texas Tech University. Coach Wilkins highlighted the evening with a tribute to his team.

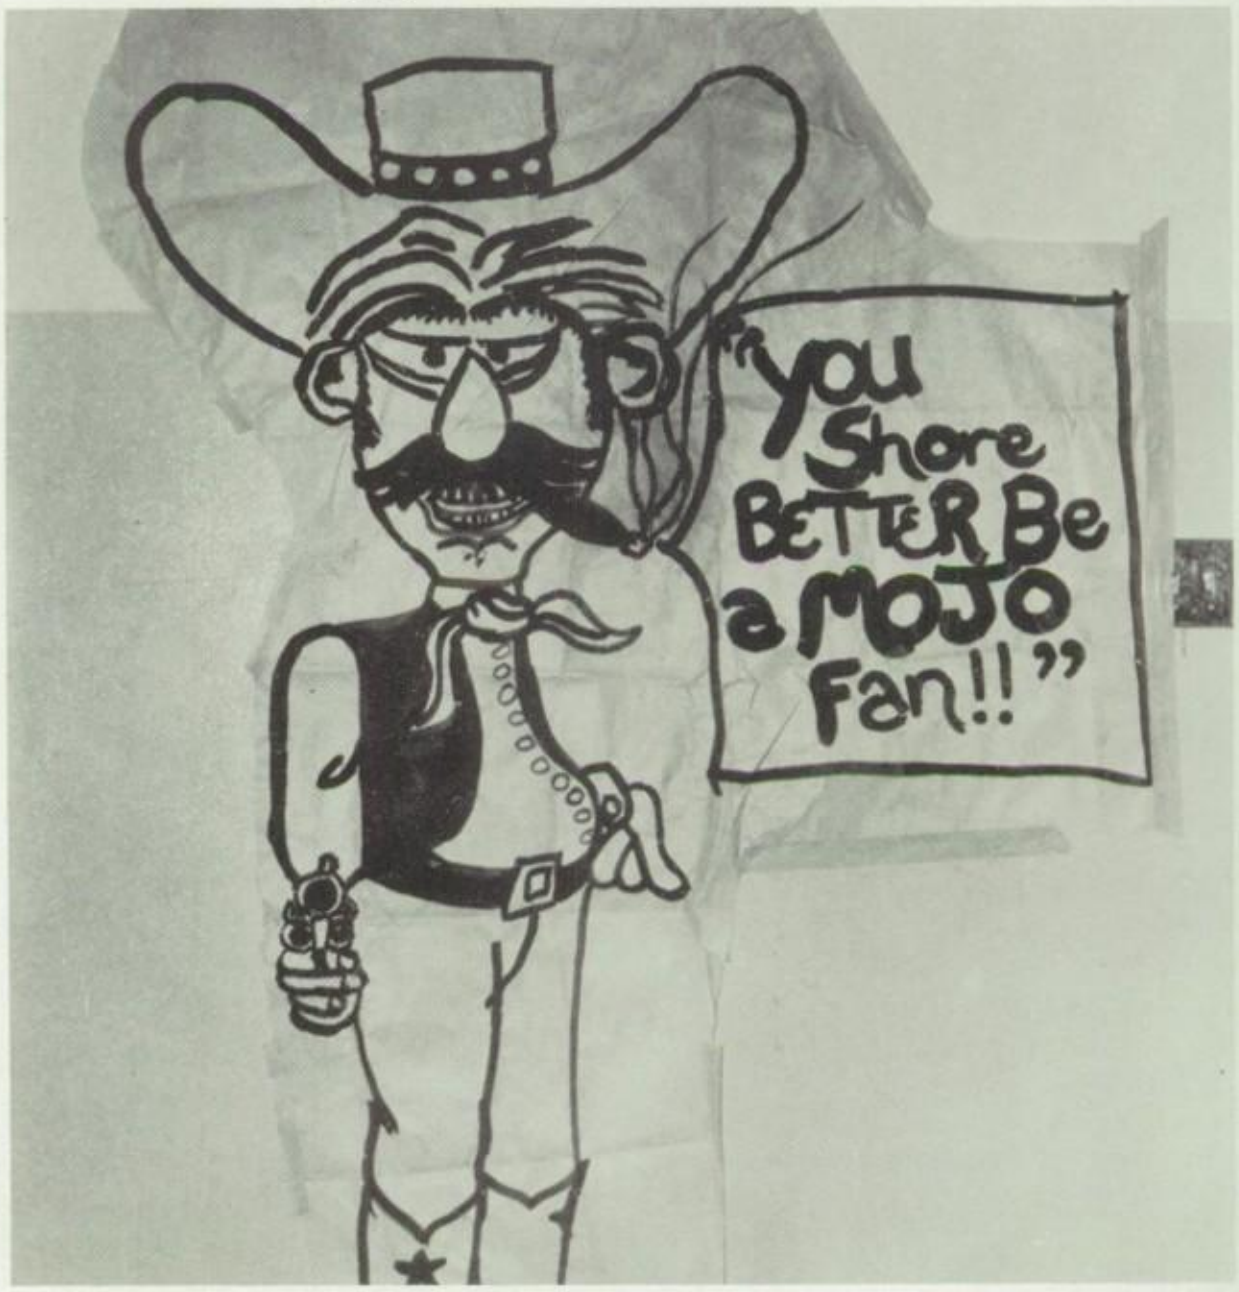
If You Can Wait

Long, tall Texans with ten gallon hats!

The OK-PHS Corral!

Even in my underwear and tennis shoes, I'm still a cowboy at heart!

Wild Bill Willis!

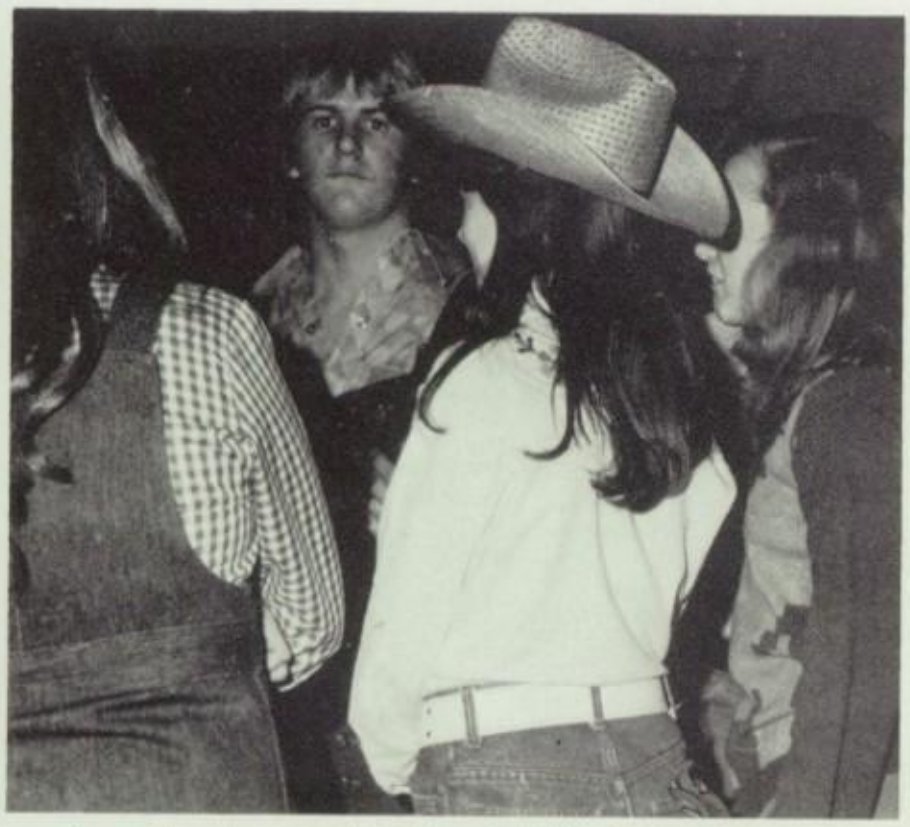


Threats to live by!!!

And Not Be Tired By Waiting,

Two out of four ain't bad!

Western Week is the big opportunity of the year for us to allow the little bit of cowboy on the inside to reveal itself, on the outside. Some folks prefer overalls, boots, and hats while others prefer square dancing dresses, chaps, and spurs. Our annual Western Playnight was a big hullabaloo with contests for Best Dressed Cowboy and Cowgirl, Best Beard Grower, and Best Bubble Blower. Western Week in West Texas was a shabang.



I wonder what Clark Gable would do in this situation?

Practicing for the big blow-off!

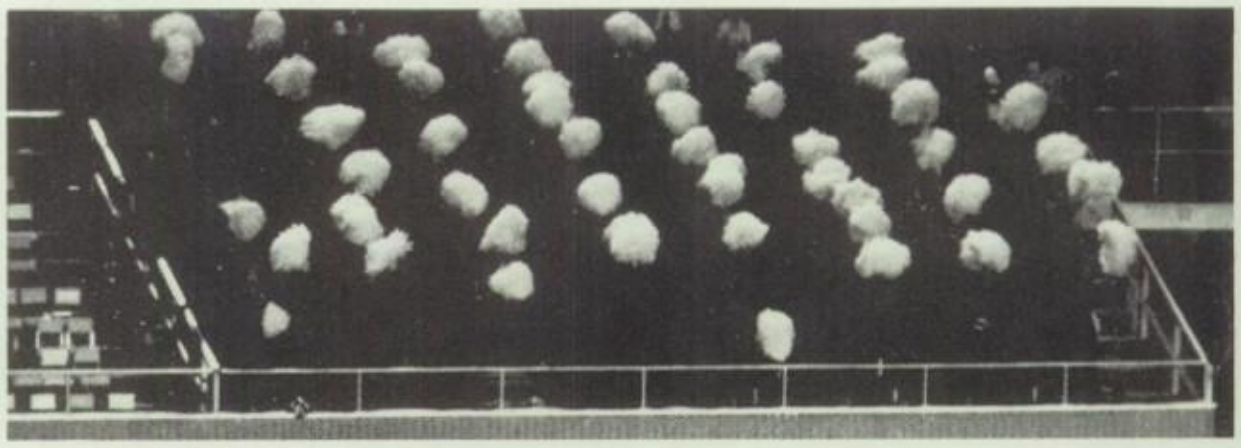
The closeness of Western dancing!

Boy, would I like to pop your bubble!

Yours Is The Earth

I think this spirit chain is growing!

An expression of Mojo spirit!

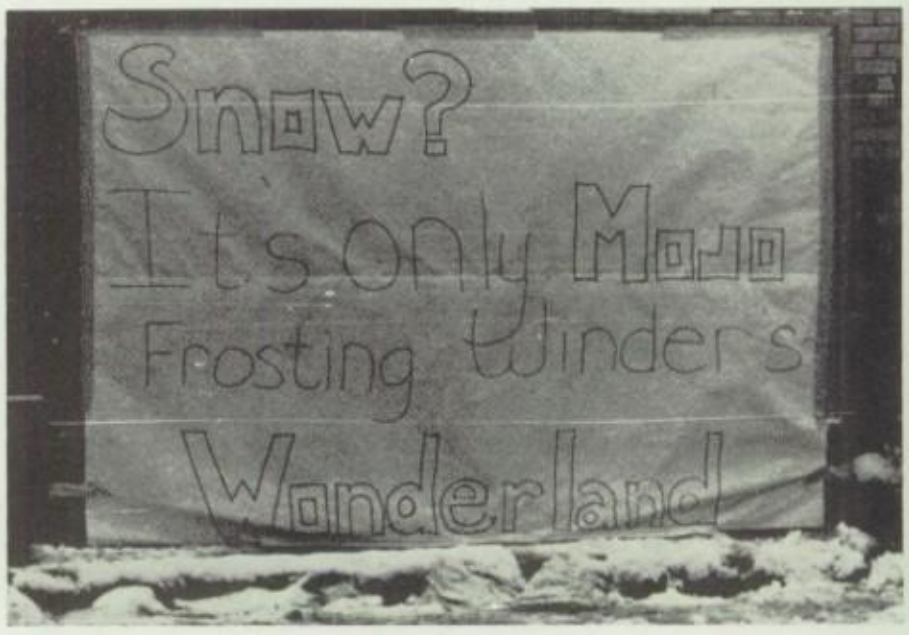


A spectacular view of black and white!

The Pride of Permian!

I just love flowers!

A clean field for the big game!



. . . and boy did we!!!

And Everything That's In It.

Won't you Charleston with me?

Dig my sexy long underwear!

But I wanted a chocolate pie!

Monte's Slaves!

Rudyard Kipling

As we entered another year at Permian, it was easy to see that Panther spirit had not died. Pep rallies were stronger and louder, there was more support at athletic events and MOJO was still the 7th flag over Texas. We had the NO. 1 band in the state, which added more zest to our school activities. Permian kept its pride and spirit strong in '77.

The rewards of victory!

As Juniors we were in the middle of activities; such as sports and spirit. We were familiar with the ways of our school and strove to make the best better. While anxiously awaiting our Senior year, we accepted our responsibilities as Juniors. We were the backbone which held our school together.

WHERE WE WERE

We sponsored the main activities of the year such as Western week, Junior-Senior Prom, selling school directories, and flowers for Twirp Week. In our struggling, learning, growing, and having fun, we, the class of '78 will remember our Junior year with pride.

As Permian students we were involved in many club activities. These clubs not only benefited us, but also the community. As club members we became the leaders at Permian. Scholastically and academically we strived for betterment in all forms. With our activities we introduced students to themselves, to Odessa, and in many instances to the state. Our involvement with our clubs showed

HOW WE WERE INVOLVED

in the positive results of our endeavors. We produced a group of mature creative students. We succeeded in placing others above ourselves. We represented the spirit of Permian with our actions. We expressed a desire for a better world. And we achieved the goal we set for ourselves, we achieved success. We were involved.

Vice-President

Student Council

The student council is composed of six elected officers and a representative and alternate of each first period class. They work together conducting community service projects under the school's name and sponsor student activities. One of their main service projects this year was the blood drive. Here they attempted to have every eligible donor in the school to give blood not only to win first prize for the most percentage of donors, but to help other people. Without the Student Council Permian probably wouldn't have its playnights, spirit chain, or the drive for the Salvation Army at Christmas.

Pepettes

Through pride, joy and spirit, these girls take the positions as Permian Pepettes. These girls take time to provide Permian athletics, student body and fans with MOJO spirit, that lasts eternally. The Pepettes' voices ring out the victory and spirit of the Panthers. Replacement comes every year and each time the honor of being a Pepette is fulfilled. The traditional black and white, posters, pom-poms, yells and smiles represent the Pepettes.

We are the real Pepettes.

OFFICERS — Jana Jordan, V.-Pres.; Anne Stevic, Sec.; Teresa Turner, Chaplain; Gena Conn, Treas.; Beth Rushing, Parl.; Debbie Fields, Pres.

Persevering Is Often The Difference

1977 Annual Staff

Devoted time and effort go into making of the Panther Annual, which is distributed yearly. The Staff puts together the yearbook in about nine months, not only working in their class time, but also working after school, Saturdays and about any time they are needed. The Annual Staff attends a summer yearbook workshop session at Texas Tech every August. The members work real hard to keep together the memories. The final purpose of the Panther is to capture and record the special moments and feelings of the 1976-1977 school year. It is the complete effort of twenty-two students. We catch fleeting pieces of life at Permian and hold them on paper.

"Kiss Me" . . . "You Fool!"

I want you . . . Rickie!!

CINEMA

What are we waiting for . . . to become Juniors, the middle class, setting examples and having the Sophomores, the underclassmen, following them. In our first days as Sophomores, we remember the feelings of excitement, fear, and awe over the size of Permian. We have felt many mixed feelings first joy, then sadness, but in the end we finally became interlocked into the drift of Permian. Our promise to this great school is to strive to excel, to shine, to show our excellence through everything we say and do, throughout our days at Permian. We have reached the point where we have more decisions to make, and more responsibilities to fulfill. Maturity will come fast during these next few years, and our personalities will change and flourish.

WHAT WE'RE WAITING FOR

By this we will be prepared to face what is ahead. We as Sophomores have learned to accept the traditions and high standards of Permian High School, and to follow them. Now we know what is expected of us in our remaining days at Permian. We will sincerely strive to keep Permian in a high place of honor. To achieve these high standards and goals, and to make the class of '79 one of the most outstanding classes in the history of this school, is what we are waiting for.

ODESSA
CITY HALL

When students leave Permian, they go into the world of big business and confusion well prepared. This certainty comes from the long hours put in by the faculty of Permian. The teachers work hard for the good will of their students. They understand that to make it in this world, one must develop his mind in a great many different fields. Permian has a wide range of subjects to expand one's knowledge.

THOSE WHO TAUGHT US

To teach these many areas are a great number of very qualified people. These teachers have the responsibility to bring out in a student the best that a student can give. The Permian faculty keeps their standards high so they always turn out proud students who have skills that are sharp.

Odessa is full of our memories and is an essential part of our lives. We have grown up in Odessa. Many of us have moved here and adopted Odessa as our home. But no matter how you arrived, Odessa is home. Changes in our lives have occurred here. Many of our first experiences happened here as we grew up. The first days of our school lives were begun in grade school. In our early school years, we rode our first bicycle, fell in love with our first boyfriend and graduated to junior high school. Junior high was another place in our lives for first experiences. We became involved with our first playnights, pep rallies, football games, our first dates to the movies and our first time to spend an entire night awake talking with friends. We began to grow up. And as we grew older, we finally began high school. Our activities matured and we experienced more "firsts." We went to more football games, bigger pep rallies, formal proms, fun-filled western days, and homecoming. We also added senior rings and letter jackets to our list of dreams and goals. Finally, came graduation day.

It was during these years that our outlook of life was formed and the results of our experiences helped us mold our opinions. Odessa was a part of our experiences and provided us with activities during the entire year. The summers were spent in "fast food" joints where we developed lasting friendships and had a lot of laughts. Gallons of gas were used for nights of running around looking for friends. Evenings spent at carnivals were full of wild rides and more friendship. Another part of the summer was spent listening to concerts, playing miniature golf, bowling, or just sitting under the stars. During the fall and winter we watched football and huddled around fire places with our friends discussing sports, school and life. Wherever we were we could find friends, no matter what the season.

In all our lives and memories there are pieces of Odessa. We have grown to adults with lives full of pride and excitement. Yes, Odessa is our city and the spot we should be proud of, especially because of our part in the growth of the city and its part in our growth and maturity.

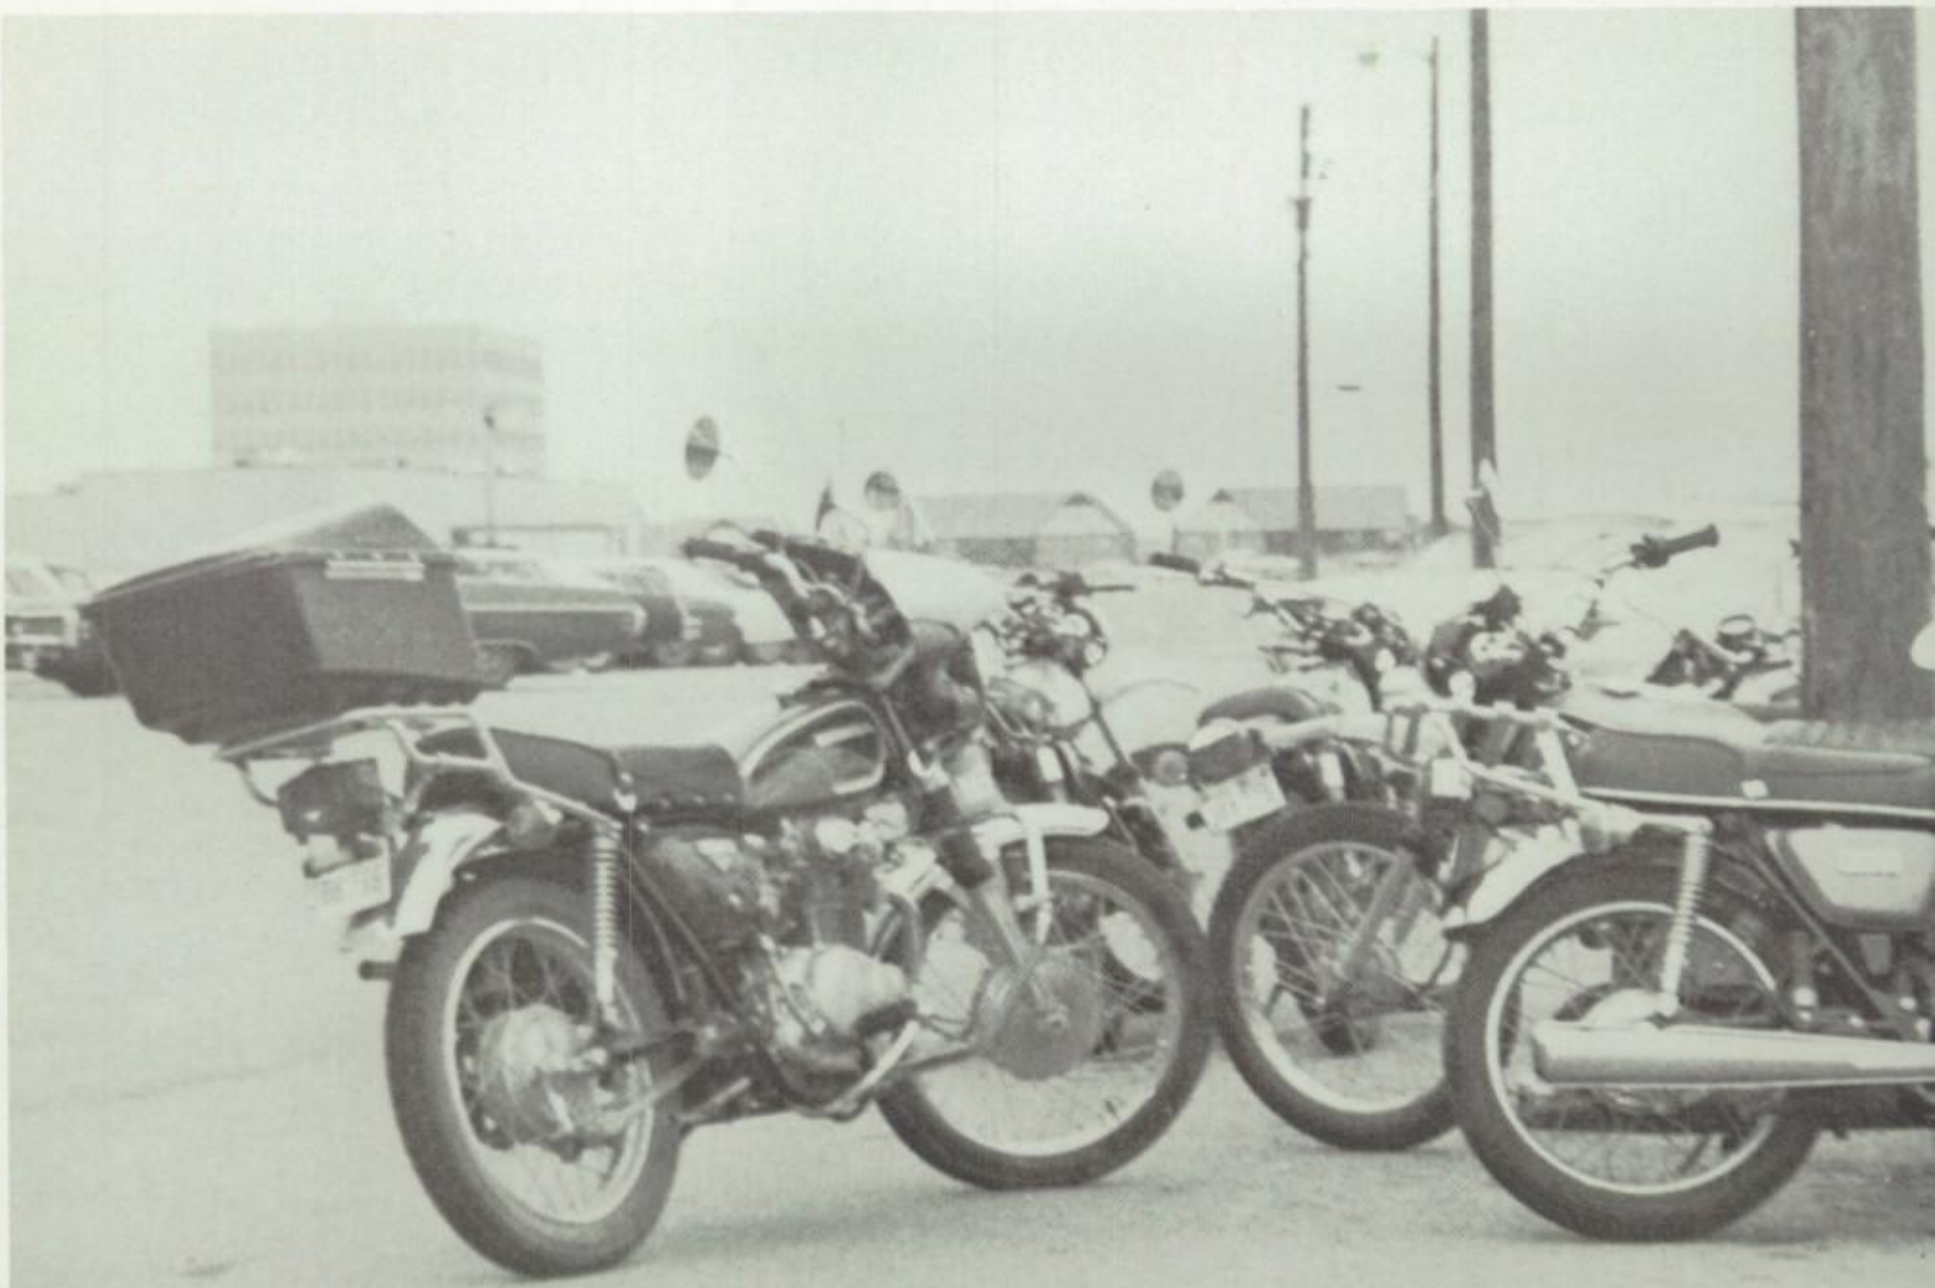
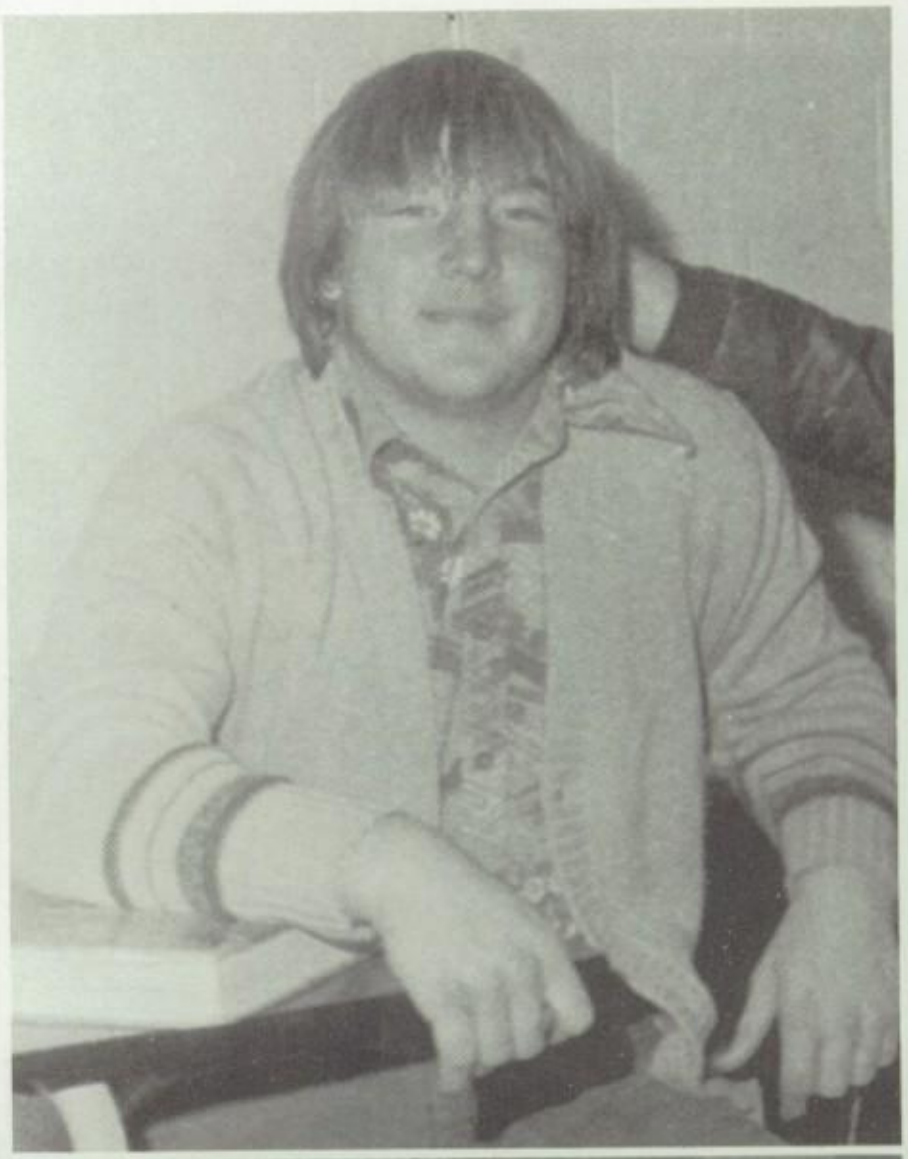
The Frustration Of A



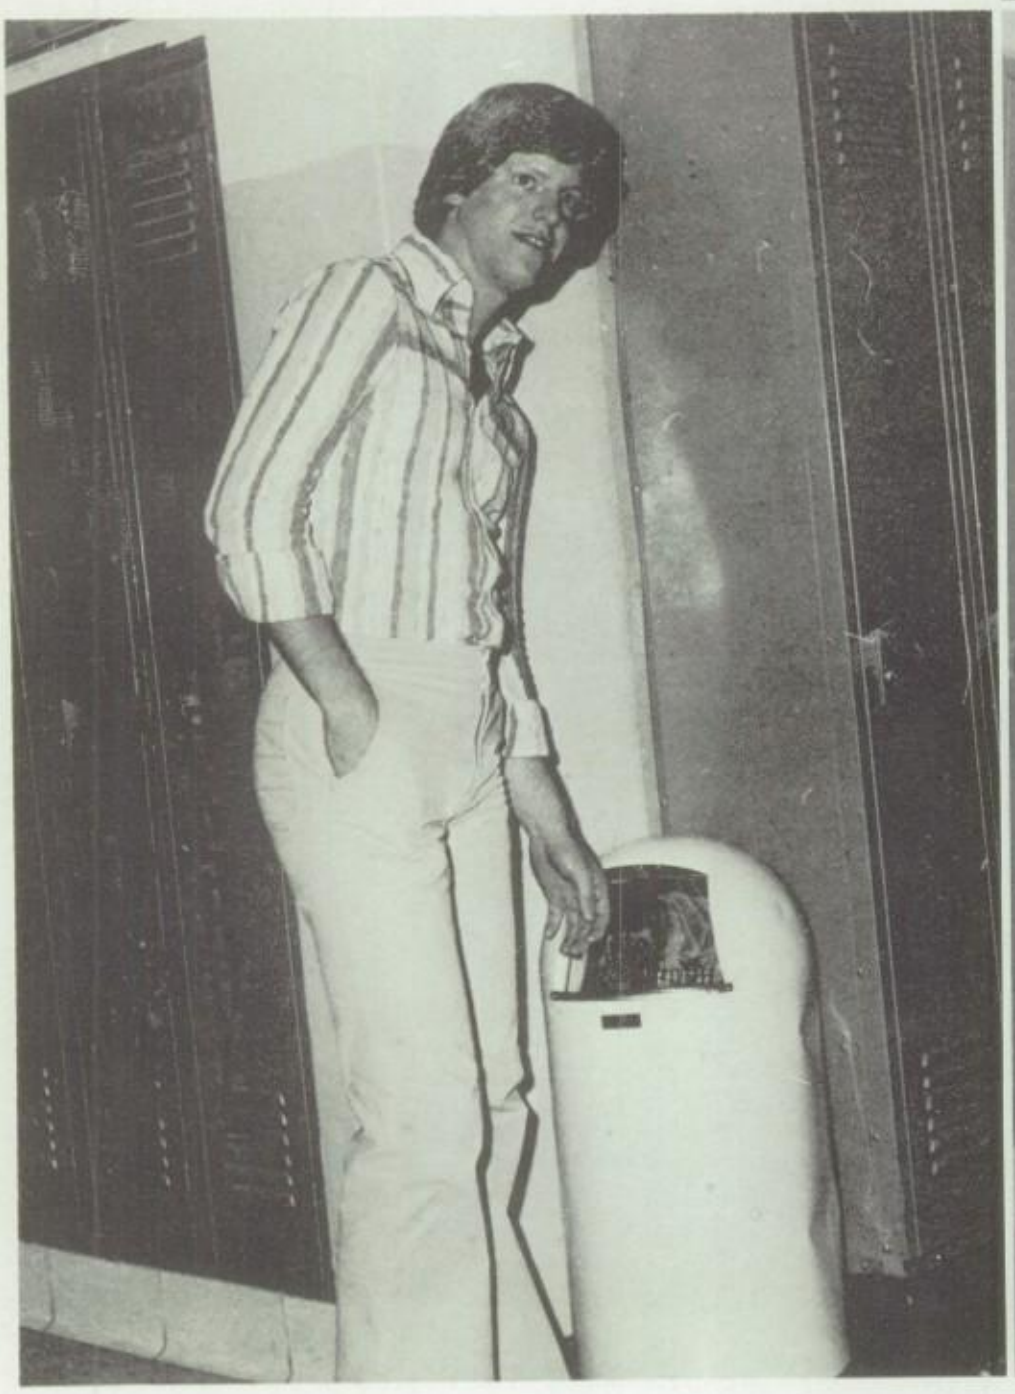
School Parking Lot

Frustration mounts every morning and every afternoon in the parking lot. School begins for students with "The Parking Lot Rush." This brings up the question of "Who gets the closest space?" Actually, the ideal way to get the perfect parking spot is to come to school at 7:30 A.M. But if students arrive late, nothing brings out the color in their cheeks like the walk from the end of the parking lot to the school. These close parking spaces are even harder to find during football season. When students come to school on those cold mornings there's not much space. The band covers about one-fourth of the parking lot. Problems are not only confined to parking spaces. There are also other parking lot hazards, such as parking tickets. Pity is the only word that can be used for those students fool-hardy enough to park backwards in a space or park in a teacher's space or park anywhere else prohibited. These offenders have only a ticket in store for them. The payment for these offenses is D-Hall. In this case, the usual solution is to stick the ticket on someone else's car. But no matter how frustrating, the parking lot made life at P.H.S. a little more hectic and perhaps humorous.

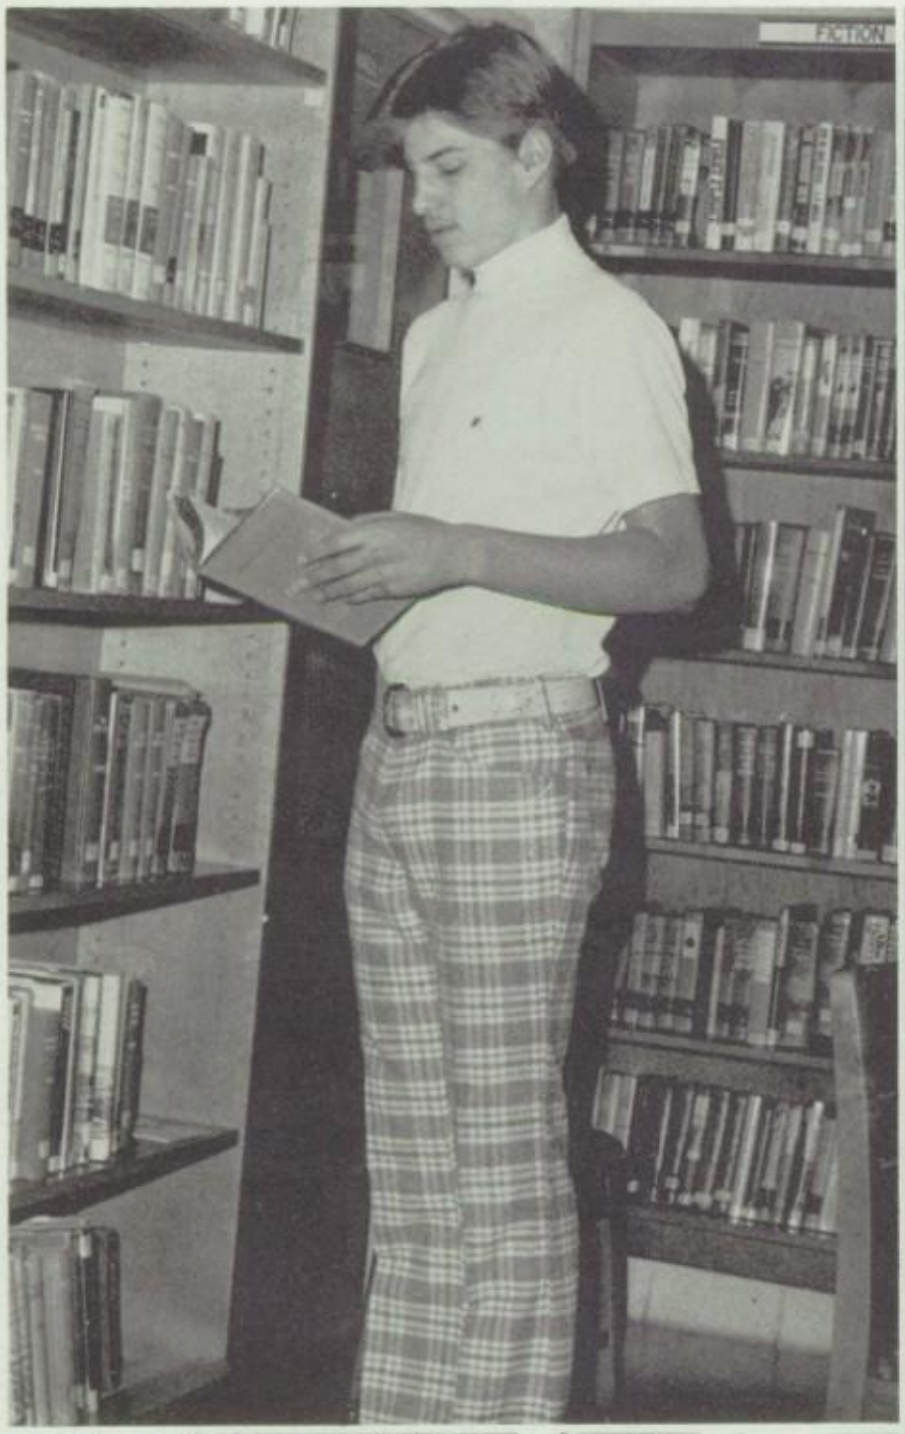
Permian Students Have



The sensational fashion looks to check out, are closer than you think. Gals and guys at Permian know how to be fashionably dressed. Girls this year have been dressed in gauchos with boots, knee length skirts, and tailored suits. Almost anything is in, as long as it has a polished, dressy look. But dressy outfits are not the only clothing that P.H.S. students wear. Jeans and overalls are always popular attire for guys and gals. The general dress for guys is usually jeans or corduroy pants. Their pants are topped with a variety of shirts. Sweaters with many different designs are well-liked by guys. T-shirts also make the guys' fashion scene. Finishing the possibility of a Permian student's wardrobe is the vest which makes any outfit look dressier. All of these fashions make Permian students the best looking and best dressed in town.



The Fashion Look



THIS WAS OUR

SPOT IN '77

Seniors at Permian are special people. They are the ones who have endured three years of high school and finally they are leaving. It is a scary experience being a senior. Seniors going to college have to suffer through the waiting for college acceptance slips. A typical senior will write three or four colleges, but will have one favorite college. After writing favored colleges, a senior will anxiously check the mailbox daily. The experience of a senior does not end with college worries. Many friends, whom a senior had, will graduate first quarter, second quarter or may wait until third quarter. It is almost certain that these friends will never be seen again. They move off to new horizons. If the senior happens to be a girl, every Sunday paper has at least three friends getting married. Besides the departure of friends, there is also the cases of "senioritis." "Senioritis" is a disease that infects only seniors. Its main symptom is the deep yearning to be out of school. After twelve years of school, a senior feels ready to get out and make a life for himself. However, a senior faces leaving the things that are most familiar. Yes, seniors are special people — and they will never forget Permian.
